

The Glory Stack Scholarship has already had a huge impact on my life. I always wanted to go to UNCW, but around the time that I started applying for colleges, my dad lost his job due to the pandemic. This put a great financial strain on my family knowing that it would be exceedingly difficult to afford my college education. The Glory Stack Scholarship really made the education I desired possible. I am so thankful for the opportunity to pursue my dreams and carry on Glory's legacy.
