

I am extremely thankful for this scholarship and all of the opportunities it gives me. The financial burden of college is not light, and the Glory Stack Memorial Scholarship will ultimately help me achieve my goals of becoming a Physician's Assistant. I am fortunate for the ability to represent Glory and will reflect her determination to pursue higher education, achieve her goals, and succeed at whatever task she was given. Being awarded this scholarship has inspired me to have her work ethic, and say to myself "I want to try", much like Glory did. I appreciate the doors that this scholarship has opened for me, and I will honor her legacy as I attend UNC-Charlotte for Biology. - Jenna Patterson
